

## Linda Knee

When Harry met Linda, she was in an all-girls high school. Harry and some of his friends from Delta Airlines went to a social event with some of those girls whom they did not yet know. Three of the guys met their wives that night. Harry and Linda Knee married and stayed together 59 years and 11 months to the day Linda died. Linda was a professional nurse. She was proud of her kids, grandkids and great-grandkids. She mourned the death of one son, a sorrow that can never completely be overcome. Linda made lively conversation, even in recent years when she was declining. Harry's extraordinary care for Linda showed how much they loved each other and the faithfulness of their commitment in Christ.

The response to our psalm today was, "I turn to you, Lord, in time of trouble, and you fill me with the joy of salvation." We pray today that as Linda so frequently turned to the Lord in her times of trouble, the Lord will now fill her with the joy of salvation.
